Recreation Fees Benefit Diverse Recreational Experiences

Drakes Peak lookout

Recreation fees provided funding to improve a variety of recreation facilities on the Fremont-Winema National Forest this past year.

Funding provided by recreation fees enabled us to: make improvements at the Mt. McLoughlin Trailhead, rebuild the boat ramp at East Bay Campground on

Thompson Reservoir, and make public health and safety improvements at the Drakes Peak rental fire lookout. Without this important funding source these improvements could not have been made, given our declining recreation budgets.

Keeping all these recreation sites clean, maintained, free of encroaching vegetation and relatively safe is one of the biggest jobs on YOUR Forest. The recreation fee program goes a long way towards helping us do this. Most of the fees received go right back to the area where they were collected. We understand that this is your money and you want it invested in the places you enjoy. We take this trust seriously and want to be sure we are spending your money wisely. If you have any questions or concerns about the recreation fee program, please feel free to contact us.

The Accomplishments:

Northwest Forest Pass:

A new Information/Interpretation billboard was installed at the Mt McLaughlin trailhead in 2004. In addition, an iron ranger was also placed at the site for the convenience of the public.

Campgrounds:

The boat ramp at the East Bay Campground near Silver Lake was repaired in 2004.

Cabin Rentals:

A new accessible toilet was purchased for the Drake Peak rental lookout in 2004. Installation is taking place this year due to the early snow last fall.
